All about The Little Dreamers

Sleepyhead

Sleepyhead just loves to sleep. In fact, she's such a tired little fairy that sometimes she sleepwalks and sleepwalks. Sometimes the other Little Dreamers just want to stay up all night, so Sleepyhead may wave her magic sleepy wand when it's time for sleep!

Daydream

Daydream really does daydream... in fact, she has lovely little dreams while she's really wide awake! When night-time comes, she finds it hard to get to sleep and can't wait to wake up, so that her daydreams start all over again!

Little Dreamers™

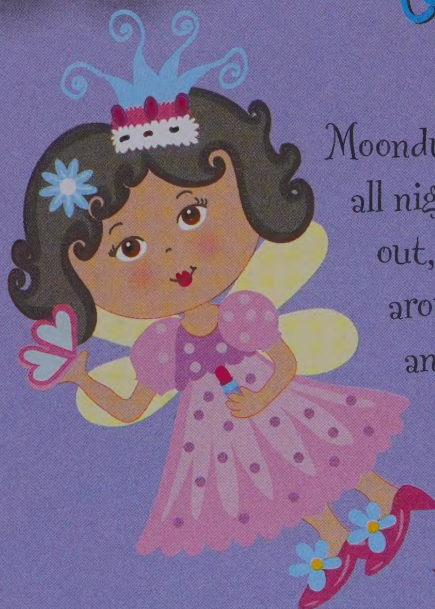

Starlight

Starlight loves parties. She is always busy making herself look beautiful and just loves glitter and sparkles. That's why her favorite time is when the stars come out, and she likes nothing better than watching shooting stars and making wishes.

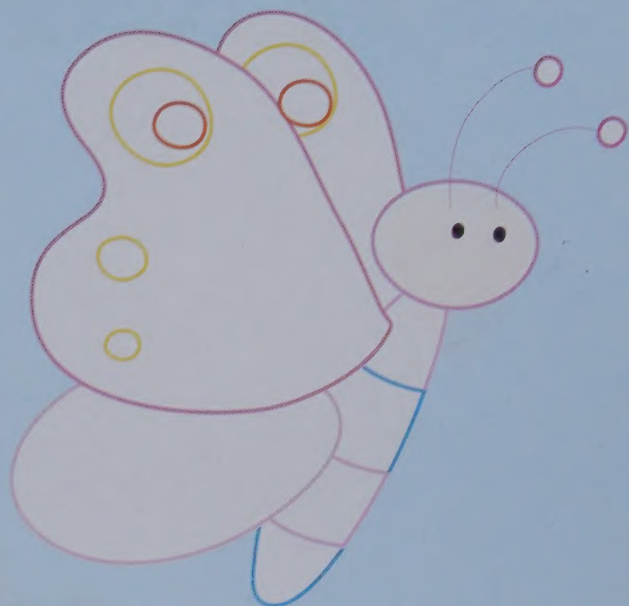

Moon dust

Moondust just wants to stay up all night. Once the moon comes out, Moondust loves to play around chasing moonbeams and having fun. Moondust and Starlight are always up much too late, and then of course they just want to sleep all day!

What a beautiful butterfly!
Can you copy the colors, and make the
butterflies on the next page look
just as pretty?

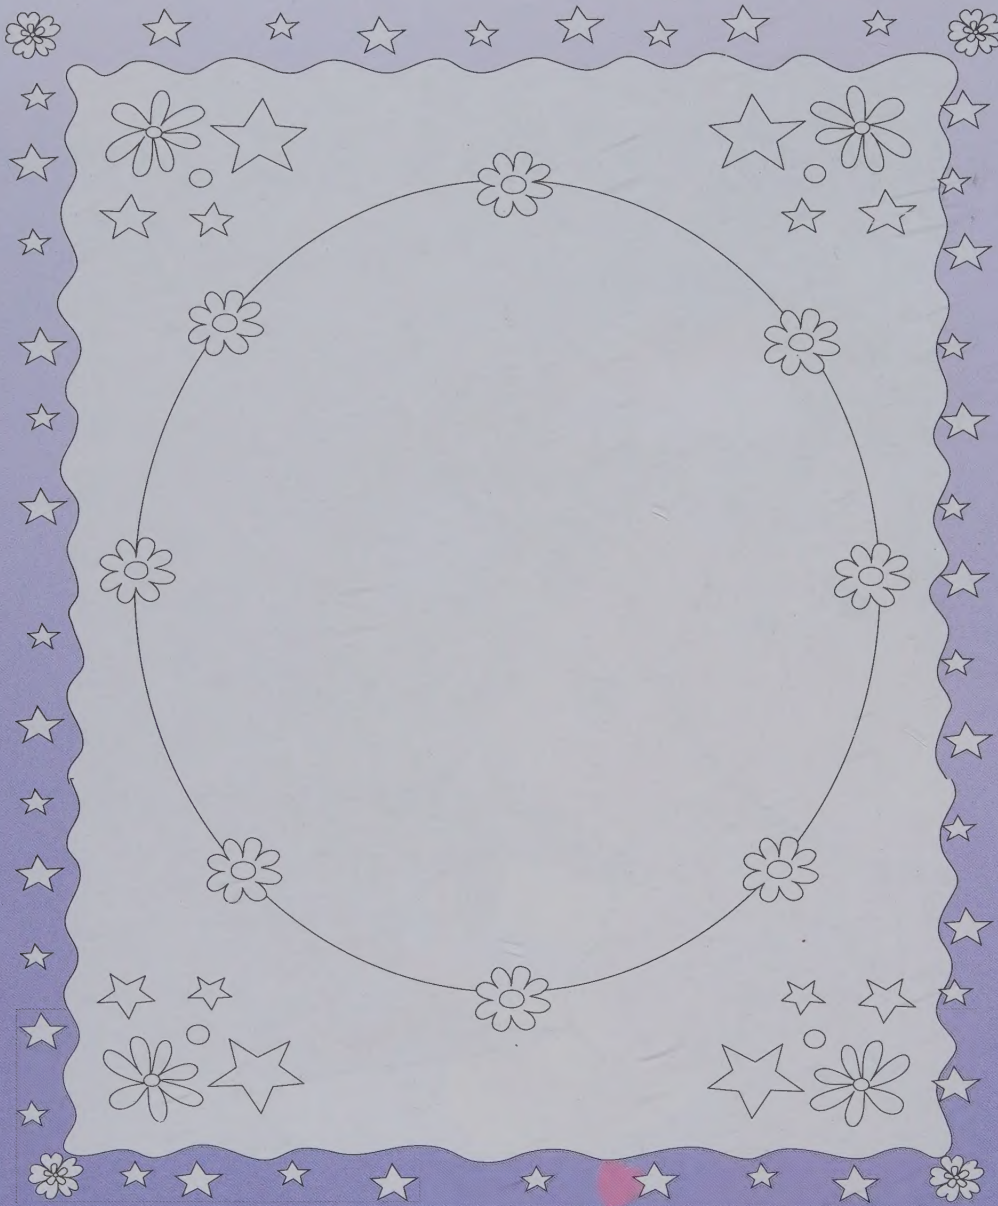

Moondust looks so pretty in her pink dress.
